HONORED RIPLEY.

William Hayden Edwards, Who Died at Berlin a Few Days Ago.

William Hayden Edwards, U. S. Consul General at Berlin, died there on the 15th inst of brain fever. Mr. Edwards had been ill for a month. He leaves a widow and two children. The burial will take place at Potsdam.

William Hayden Edwards was born in Ripley and was graduated from the Law School in Cincinnati at the age of 19. He was one of the best known figures in our foreign service, and enjoyed a high social position at the German capital, where he has been stationed nearly five years. He was appointed from Ohio and has been almost seventeen years in the service of the State Department. His first appointment was as Secretary of Legation to Brazil, October 30th, 1877, and he acted as Charge d'Affaires ad interim from December 7th, 1877, to February 18th, 1878.

In June, 1878, he was appointed Consul General at St. Petersburg, and retired therefrom September 29th, 1880. He was Assistant Counsel for the United States before the French-American Claims Commission, July 6th, 1882; was appointed Chief of the Diplomatic Bureau in the State Department, May 1st, 1884, and retired from that office April 15th, 1885, to become Private Secretary to the U. S. Minister to Holland. He was appointed Consul General at Scheideham, Netherlands, June 24th, 1885, and went to the post he held at the time of his death at Berlin, July 1st, 1889. He was a warm friend of Walker Baine, to whom he owed his last office, which was one of the most lucrative in our Consular service. He was well known in social and club circles in Washington. Mr. Edwards was married August 17th, 1889, while Private Secretary to the U. S. Minister at The Hague, to Fanny Elizabeth, Baroness Van Heeckeren, of Van Meleaten, cousin of the King of Holland. The marriage was celebrated at Apeldoorn, Netherlands.

Miss Ethelene Wall of this city, in company with a party of Cincinnati and Covington friends, will sail from New York by the North German Lloyd Line for Gibraltar on the 13th of June. Thence they will continue their tour up the Mediterranean, and will return through Central Europe. They expect to be abroad about four months.

In another place will be found the announcement of William O. Cochran as a candidate for County Clerk, subject to the action of the Republican Convention. Mr. Cochran is too well known to need an introduction here. He is a prominent lawyer and possesses every requisite necessary to the proper discharge of the duties of the office. If he shall be nominated and elected the people will have a competent, faithful and obliging official.

The Masonic Bodies of Louisville have arranged for an entertainment at the Auditorium June 25th, for the benefit of the Masonic Widows and Orphans' Home. The grand scenic and pyrotechnic spectacle, America, will be given. One thousand dollars in gold will be distributed among those holders of tickets who guess nearest to the temperature between June 24th and July 4th, both inclusive. The largest present is \$300 and the smallest \$10. The tickets cost 50 cents each.

WANT A RECEIVER.

The Portsmouth Street Railroad and Light Company in Financial Straits.

Application has been filed in the United States District Court at Cincinnati for a receiver for the Portsmouth Street Railroad and Light Company, it being alleged that the concern is insolvent, with an outstanding indebtedness of \$68,000.

It is declared that the company is without money and has no credit, and that there are no assets other than the street railway and light property, on which there are various liens of mechanics.

The application is filed by the Southern Engineering Company. It is said that the capital of the alleged insolvent company is \$125,000, owned chiefly by Floyd L. Smith and Samuel B. Timmon, who are both alleged to be insolvent.

It is declared that the company is in receipt of a good income, which should be applied towards liquidating the debts of the plant, and it is claimed that the appointment of a receiver is necessary to bring the concern out of the present financial complications and settle now pending.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White streamer—Fair; Blue—Rain of snow; White cloud above—Will warm up; If black's beneath—Golden will be; Unless black's shown—no change we'll see.

GET STRONG BEFORE SPRING.

Hard to Gain Strength During Hot, Debilitating Weather—Most Favorable Results From Paine's Celery Compound in May.

Now or never get health and strength. The most obstinate indoor dwellers get a snuff of outdoor air in May.

No one altogether escapes the spring of the blood. The most delicate and confirmed invalids now venture on short rides and walks. May is the blessed month for convalescents. "When May comes I'll get well," is the cry all through winter. There are fewer obstacles to getting well in May—no cold winds to bring relapses and exhaustive sickness, nor debilitating heat to rob one of strength.

A sweeping glance over the land would show millions of weak, nervous, ailing men and women every day growing stronger and getting rid of lingering diseases by using Paine's Celery Compound this month, when this remarkable blood and nerve remedy works best hand in hand with nature's purpose to give

every animate thing new life, strength and happiness in spring.

Paine's Celery Compound hastens convalescence from all wasting and nervous diseases.

It feels badly nourished nerves and takes away the irritability and pain. It purifies the blood and supplies rich material for new healthy tissues all over the body. Professor Edward E. Phelps, M. D., LL.D., of Dartmouth College, discovered Paine's Celery Compound in the new famous laboratory of the college.

The world is full of busy, thankful men and women who owe their energy, health and very existence to Paine's Celery Compound. An immense number of rheumatism, kidney troubles, constipation, salt rheum, eczema, disordered liver and blood diseases have been lifted from the world since Paine's Celery Compound came into it.

Your own physician will tell you how and how important physicians rely on Paine's Celery Compound as an invigorator and strengthener for body, nerves and brain. It makes people well.

Spring is busy with marvelous rapid changes in the tissues of the body. Now is the time to permanently cure nervous weakness, neuritis, headache and dyspepsia by using Paine's Celery Compound to build up healthy tissues in place of the diseased parts.

Pure, rich blood sent through the deep parts of the heart, liver and kidneys, leaving in its passage material for rapid repair, and taking away in its stream the used up, harmful elements, soon drives out weakness from these organs and restores their healthy functions.

Paine's Celery Compound makes new, abundant blood, regulates and feeds worn-out nerves, and builds up the strength of the body.

EPWORTH LEAGUE.

Meeting of the Covington District in the M. E. Church.

LIST OF DELEGATES HERE.

One of the Most Interesting Meetings Yet Held By This Young People's Society.

The Covington District Epworth League Convention is in session in our city.

This gathering of young people from all parts of the Covington District met yesterday morning at 10:30 a. m., and to say the Convention is a success would be putting it mildly.

The program is an interesting one, one that was gotten up with great care, and in the handling of the different subjects the speakers had evidently prepared themselves to try and outdo each other.

The address of welcome was delivered by J. Robert Sausman of this city in a very eloquent manner, while the response was delivered by Rev. F. W. Harrop of Milldale, in which he assured the audience that they had come to enjoy themselves as well as to "let their lights so shine that others, seeing them, would glorify their fathers who are in heaven."

At 11 o'clock Rev. Harrop addressed the Convention on the subject, "Are Epworth League Students Desirable," in which he set forth several good points. He spoke about twenty minutes.

"How Can a League Convention Be Made Most Profitable?" was down on the program, but the speakers being absent the topic was not discussed.

At 12 o'clock the Convention adjourned for dinner.

Immediately at 2:30 p. m. the Convention reconvened, the first thing on the program being "Literary Culture in the League," which was discussed by Miss Lizzie Griffith of Dayton, a very interesting talker, and Rev. W. G. Bradford of Bellevue, who was also a good talker. These two speakers consumed just one hour.

At 3:30 p. m. "Spiritual Culture in the League" was taken up, and Miss Mollie Heflin of this city being down on the program, read a very interesting paper on the subject, which was highly complimented by all present.

When the Secretary read off of the program "Reports From the League Chapter," everyone brushed up their ears to listen. The several reports presented were of the highest order, there being six departments in the League. We will only note one or a part of one, however, as it would take too long to get them. The Mercy and Help Department is the one we have reference to, and it is a grand report, too: Number of visits made, 1,444; number of tracts distributed, 318; number of persons supplied with food, 60; at a cost of \$187.34; number of persons supplied with clothing, 107; at a cost of \$130.73; number of persons to whom fuel was distributed, 30, at a cost of \$30.72; number of persons supplied with medicine, 15, cost, \$14.10; number of persons to whom flowers were sent, \$60; at a cost of \$187.34; number of persons supplied with food, 60; at a cost of \$187.34; number of persons supplied with clothing, 107; at a cost of \$130.73; number of persons to whom fuel was distributed, 30, at a cost of \$30.72; number of persons supplied with medicine, 15, cost, \$14.10; number of persons to whom flowers were sent, \$60; at a cost of \$187.34.

Dr. A. D. James of Muhlenberg county is in the city in the interest of the Louisville Convention. The Doctor was a member of the Constitutional Convention, the Legislature, and is a prospective candidate for Congress in the Third District.

Total number of persons helped, more than 1,147; total amount of money expended, \$430.14. Now this is only one department, and what is understood one can see what a grand work the Epworth League is doing.

The results of the above work were: conversions, 158; united with church, 187; united with Sunday-school, 226; while 180 joined the League. There were many other things in this grand work. The sick, suffering and dying have had the comforting attention and care of some of the finest young ladies in the state, and when death has come the widows and fatherless have still known the gentle ministrations in some of Christ's little ones in their afflictions.

Rev. D. W. Clark of Union Church, Covington, spoke last night on "The Yesterday, Today and Tomorrow of the Epworth League," and to appreciate this one would only have to hear Rev. Clark talk on the subject.

The services closed with a consecration exercise, led by Rev. D. P. Holt, and it is needless to say it was a success. The delegates in attendance are as follows:

Augusta—Miss Clara Fagan, John D. Clarks, Laura L. Gray.

Bellevue—J. S. Hancock, W. M. Kinsey, Miss Eva Parish, Rev. W. G. Bradford.

California—Miss William J. Hissom.

Cold Springs—Miss M. E. North, Rev. R. D. Wilson.

Covington—Shinkle Church, Miss Alice Hanford, Main Street Church, Mrs. Mattie Costello, J. R. Duffy; Union Church, Rev. D. W. Clark.

Dayton—Miss Lizzie M. Griffith, Mrs. Marion P. Hill, Rev. Amos Boring.

Foster—J. H. Ketchum, R. S. Holmes, Ludlow—Miss Alice Schreier, Miss Grace Yenn.

Maysville—Miss Essie Hutchins, Miss Anna Walsh, Miss Mollie Heflin, Miss Agnes Dodson, Miss Grace Bierbower, Miss Bertha E. Orr.

Milldale—Rev. F. W. Harrop and wife, Miss Hattie Steb.

Newport—H. W. E. Langebrake, Miss Lizzie Pattison, Edward Weekel, Miss Edith Ehlers, L. H. Wilson, Miss Freda Locke.

The meetings today will be very interesting, and we would especially urge everyone to attend tonight, as this is the closing of this successful gathering of young people from all over the District. Let the good, Christians and bad sinners attend tonight.

Frank Ball of Bell county is charged with murder, and the Governor offers \$500 for his arrest.

The Governor offers \$300 for the fellows who murdered John V. Brown in Logan county in 1889. Better late than never.

A meeting of the Alumnae of the Girl's High School is called for Friday afternoon at half past 3 o'clock. A full attendance is urged.

Principal of Girl's High School.

Tomorrow at 10 a. m. there will be a rehearsal of those who are to take part in Children's Day exercises at the Central Presbyterian Church, and it is requested that all will be present, so as the services will be made interesting.

Cord of Thanks.

Lydia Duiley was fined \$3 and costs yesterday for being drunk and disorderly.

The Maysville Cotton Mill has gone on the summer schedule of time. Hereafter on Saturdays the mill will stop at 12:30 p. m., giving the employees a Saturday half holiday.

J. David Dye, one of the most popular citizens of Mason county, is announced elsewhere in THE LEDGER as a candidate for Assessor, subject to the decision of the Republican Convention. Mr. Dye is in every way well qualified for the office, and it is elected with the position with credit alike to himself and the party.

THE MAGIC CITY.

GREAT SUCCESS OF "THE LEDGER'S" GIFT TO PATRONS.

Instructions How to Get a Set of the Handsomest World's Fair Views Published.

THE LEDGER on Saturday began distributing to its patrons the finest series of World's Fair Views that have yet been issued. This is the testimony of all who have seen them.

Now, we will try to make plain the way to get them.

First—Cut out of THE LEDGER this coupon:

Public Ledger.

Magic City Art Portfolio Coupon.

Mail or bring to the office of THE LEDGER SIX Coupons like this, of the different dates, and Ten Cents in the form of a check or cash. If you live at some of the dates of the World's Fair, send the six coupons and ten cents by mail to this office and the book will be sent to you by mail from Philadelphia.

May 18, 1894.

Second—When you have cut out SIX coupons of different dates, if you live in the city your paper is delivered by carrier, send them to this office written across them, "one book each, the Views will be given to you." If you live at some of the dates, send the six coupons and ten cents by mail to this office and the book will be sent to you by mail from Philadelphia.

Third—If you have mislaid any of your coupons, you can get the books at 15 cents each, and you can get the book, without any coupon, if you live at some of the dates, send the six coupons and ten cents by mail to this office and the book will be sent to you by mail from Philadelphia.

The set comprises sixteen books, and when completed it will form a most magnificent volume. There's no other way in which you can secure such an art treasure for so little money.

PLEASE REMEMBER.

When we say six coupons, we don't mean five.

When we say coupon, we mean the entire coupon with the border around it, and not a piece of it.

The date at the bottom of the coupon is changed every day, and you must send us one of different date.

Under no circumstances will any exceptions be made to the above requirements.

The anti-Paynterites of this city are grooming Judge LEIGH W. ROBERTSON for the Appellate rate. This is intended to destroy Mr. PAYNTER'S chances of getting the support of Mason county.

The speculation in grain has again broken records with the latest price record for wheat—Bullfinch.

Now look, here, Bro. MARSH, you are hereby "called down." This croaking must be stopped.

UNCLE SAM'S yellow gold is going across the ocean at the rate of \$5,000,000 to \$6,000,000 a week, and Secretary CARLISLE'S "revenue" has long since fallen below the danger line fixed by law. It will soon be time to issue another batch of bonds.

The Republican Senators have been voting for some of the compromise amendments to the Tariff Bill, which shows that there won't be much "democratic Tariff Reform" left in Professor WILSON'S production by the time it gets through the Senate threshing machine.

RECENT developments in connection with the Sugar Trust and the Tariff show that the Democratic Congressional Convention held in this city had good reason to denounce certain Democratic Senators as traitors. The denunciation might very properly have extended to President CLEVELAND and Secretary CARLISLE.

SENATOR ALDRICH was away within bounds when he declared that the Democrats would make 300 changes in their compromise Tariff schedule—the actual number exceeding 400. Perhaps the real cause of Mr. ALDRICH'S sulphurous wrath was that Mr. ALDRICH was charitable enough to underestimate the truth about the Democratic juggling.

THE Senate Finance Committee has reported from 400 to 600 amendments to the Tariff Bill, which it made out of the Wilson Bill, but the Senate has as yet no information as to the effect these amendments will have on the revenue. It is customary for the Secretary of the Treasury to furnish such estimates before discussion of a Tariff Bill by paragraph begins.

Chicago, May 12th.—Two thousand employees of the Pullman Palace Car Company quit work yesterday. Trouble has been brewing for some time, the men demanding the restoration of 25 per cent cut in the wages made last year. The officials of the company refused the demand and asserted that they were running the plant at a loss for the purpose of giving the men employment.—Saturday's Bulletin.

Hi, there, Bro. MARSH; we want you to cease your "prattings" about strikes under this good Democratic Administration. You are hereby "called down."

PEOPLE are beginning to find out that the McKinley Law is the best thing for the whole country. A sugar convention was held at New Orleans, being attended by large numbers of representatives of the sugar interest of Louisiana. Resolutions were adopted declaring that the sugar schedule of the report of the Senate Finance Committee was inadequate for the protection to the home producer, and calling upon the Government to carry out the provisions of the McKinley Law.

COME to think of it, TOM PAYNTER'S record in Congress is a much better indorsement than the recent Democratic Convention could have given him. The latter was pretty much of a set-up job; the former is an open book.

FULL return from Indiana show that if a state ticket had been voted for in the past election held there the Republicans would have won by from 40,000 to 50,000. And yet, there are some Democrats who pretend to think the people are still with them.

VOTERS who remember how *The Bulletin* and other Democratic organs used to howl in the old days whenever a Republican President or Cabinet officer took a government vessel for a picnic or a fishing trip cannot help being amazed at the silence of these same old journals regarding Mr. CLEVELAND'S use of the lighthouse steamer *Violet* for his shooting excursions. Under the present Administration dealhearting has acquired something of the proportions of an exact science.

Rev. Percy Gordon, former Assistant Rector of St. Paul's Episcopal Church in Louisville, has just received and accepted a call from the American Church in Geneva, Switzerland, at a handsome salary.

THE conviction is general that the women in the Seventh Kentucky District ought to be allowed to vote this one time.

NOT A THING!
Colonel Bunkeridge is now engaged in exhorting all Christians who are not ready to extend Christian forgiveness to him when he confesses his sins from the stump. But there is nothing in the Christian religion making a confession of sin in a title fee simple to a \$5,000 office.

AND THIS IS AMERICAN DIPLOMACY.
Secretary Gresham's letter practically favoring the abandonment of American interests in Samoa is characteristic entirely in harmony with former expressions from the same source with reference to the affairs of this Government in the islands of the Pacific. Having betrayed and deserted the cause of American ideals and principles in Hawaii, the Administration doubtless feels that consistency requires it to pursue the same infamous policy in dealing with Samoa.

A CYCLONE.

Northwestern Ohio Torn Up by a Terrible Storm.

Ten Persons Killed and at Least That Number Seriously Injured.

The Climax Came With Unexpected and Awe-Inspiring Swiftness—Many Napped the End of the World Had Come—Buried White Pines.

TOLEDO, O., May 18.—Reports received here Thursday night from various points in Williams county, give mangled details of a cyclonic disturbance in that part of northwestern Ohio late Thursday afternoon. The country between Kansas to the west, and the Detroit division of the Wabash railroad, seems to have suffered principally.

The exact amount of the damage done can not be given accurately, but it is known that ten persons were killed and at least ten were seriously injured. The dead, as far as can be learned, are:

Edmund Schlesser, aged 64, buried against a tree and almost instantly killed.

Rigby, an elderly woman, one limb torn off.

Daniel Barrett, badly crushed and arm torn off.

Mrs. Daniel Barrett, horribly mangled; died within two hours.

Martha Dase, instantly killed.

Nyrtle Dase, limbs broken and internally injured; died at Toledo.

George Oxlender, head crushed and body dismembered.

Three small children, names unknown, killed.

Charles Cole, internally injured; can't live more than a few hours.

Mrs. Charles Cole, head crushed; will die.

Jennie Creek, badly bruised; will recover.

Seven others, three of them women, more or less badly injured.

The climax came with unexpected and awe-inspiring swiftness. Two dark clouds seemed to rise from the west, and then, blowing at hurricane speed, swept down on the earth and drove terror into the hearts of citizens.

Many thought a thief of lightning had come, and a story is told that one man who was hurt was buried in the debris of an out-house while on his knees praying.

Giant trees snapped like stalks in the grasp of the maddened elements, and were carried hundreds of feet from where they stood.

Roofs of houses and barns were lifted as though they were so many shingles, and scattered over three townships.

Edmund Schlesser, the old man who was killed, was a farmer in fairly good circumstances.

From the field to his house when he was overtaken by the storm. His body was frightfully bruised, and scarcely a bone was not broken.

The property is vaguely estimated at between \$25,000 and \$40,000. It is believed that at least half a dozen more fatalities will have been reported when the worst is known.

The section devastated is about one-quarter mile wide and six or seven miles in length.

It is a section of the country where the clouds traveled in an irregular southeasterly course. Barns, fences, trees and outbuildings of all kinds in the path of the storm were carried away, and nothing was left to mark the spot where they stood, except huge holes in the ground.

The greatest damage was done about a mile from where the cyclone rose and passed on east.

The building in which Daniel Barrett, his wife and their two granddaughters, Martha and Myrtle, were killed, was completely demolished that not a portion of the foundation is left standing. The first remnants of the house are at least 100 yards from where it stood.

SECOND BLAZE.

A Destructive Fire Again Occurs in Boston.

The Six-Story Granite State Street Block Destroyed.

Including That Portion Occupied by the S. B. Houdon Warehouse—Government Storehouse Historic Building Dating Back to Colonial Times.

Boston, May 18.—A few minutes before 8:15 o'clock Thursday morning a fire broke out in the northern end of the immense six-story granite block known as the State Street block in Boston, which is owned by the United States government. The fire broke out in the northern end of the immense six-story granite block known as the State Street block in Boston, which is owned by the United States government. The fire broke out in the northern end of the immense six-story granite block known as the State Street block in Boston, which is owned by the United States government.

The fire, which started on the third floor, soon made its way to the fourth, fifth and sixth floors, and the firemen found themselves confronted by another fire of large proportions.

The section of the block occupied by the government front on India street and extending for 100 feet or more on Central and State streets, being filled with heavy merchandise of all descriptions. The smoke poured from the windows above the burning story in dense clouds, greatly impeding the firemen in their work. Just before the fourth alarm was sounded, the flames came through the windows on the upper stories in the front and the side, the side being apparently one mass of flames.

At 8:45 the bonded warehouse, and cutting it off from the rest of the building, is a heavy party wall, which prevented the flames from spreading to the large wholesale grocery and other stores which occupy the remaining portion of the big block.

Directly in front of the burning building and on the opposite side of India street is the custom house. The total loss will be about \$1,000,000.

A custom-house officer states that there were over \$1,000,000 worth of goods in the building at the time of the fire. The loss will be about \$1,000,000.

The structure is owned by Mrs. Parson Stevens, of New York. The custom-house, which is close by the burned building, was not injured.

The entire stock of the building is in the hands of appraisers, and only their books will show the amount of the loss. In the section adjoining the burned portion is the wholesale liquor store of J. B. & M. Williams, running from Central street to State street, and 183 State street. The stock in this store was damaged considerably by water. The cellars of the building were flooded, and the occupants will suffer considerable water damage. The upper floors contained the records of the British evacuation of the city to 1869, when the French spoliation claims were being held. The records of the invasion value they were simply filled in wooden boxes. The records were arranged so that access could be had to them readily.

This building, upon the United States government, is one of the most valuable. The valuable records destroyed run back prior to the formation of the United States government. They have been in the left wing of the so-called appraisers' stores, and there they have been carefully taken care of by Capt. Boutwell, who has been many years in the United States customs service.

MUSCOVITES.

A New Feature of Odd Fellowship That Found Birth in Cleveland.

CLEVELAND, May 18.—The enterprising members of the Odd Fellowship fraternity in Cincinnati, believe the credit of inaugurating a new feature in the order, which is already spreading throughout this state, and is destined soon to be a recognized factor in the I. O. G. F. in all parts of the country.

Some eight months ago the idea struck a number of Jewish City members of the great order to establish a new feature in the order, which is already spreading throughout this state, and is destined soon to be a recognized factor in the I. O. G. F. in all parts of the country.

The scheme met with favor at once, and in a short time twenty charter members were selected. Plans were perfected, a name selected and a unique ritual compiled.

As a result, about two weeks ago "The Imperial Order of Muscovites" was inaugurated in the city of Cleveland. The local lodge will be known as Kremlin, named after one of the palaces of the czar of Russia.

The lodge is a new feature in the order, which is already spreading throughout this state, and is destined soon to be a recognized factor in the I. O. G. F. in all parts of the country.

The chief executive being named after the czar himself, and the subordinate officers being named after corresponding ranks under his imperial majesty, just as the proper names used among the shrines are taken from the Syrian and Egyptian deities.

The lodge is a new feature in the order, which is already spreading throughout this state, and is destined soon to be a recognized factor in the I. O. G. F. in all parts of the country.

Already applications for membership have been pouring in from this and other states in great numbers.

An especially large class from Columbus, Ohio, has just been accepted. The qualification for membership consists solely in the social standing of the applicant. His position in the I. O. G. F. is not considered.

Practically the only connection which the Muscovites bear with the Odd Fellowship is that the latter in the former is confined strictly to members of the greater fraternity.

KNIGHTS OF HONOR.

They Elect Their Officers For the ensuing Year.

CINCINNATI, May 18.—At the Thursday morning session of the supreme grand lodge of the Knights of Honor, the following officers were elected:

Supreme Dictator—John Mulligan, Yonkers, N. Y.

Supreme Vice Dictator—J. W. Goheen, Philadelphia.

Supreme Reporter—B. F. Nelson, St. Louis, Mo.

Supreme Recorder—J. Warren Smith, South Boston, Mass.

Supreme Trustees—George S. Hall, Mark, Pennsylvania; W. S. Cantrell, Baltimore, Md.; James Whitehouse, Baltimore, Md.

Next Supreme Dictator—Samuel Klotz, Newark, N. J.

The names of officials and committees are still being heard and discussions on changes in the constitution occupied a great portion of the session.

The grand lodge adjourned at 1:30 p. m., the delegates partook of a luncheon at the Grand hotel and were later driven to Ft. Thomas, Col. Col. Cochrane, of Ft. Thomas, Col., was present, and the delegates were graciously, and the 5 o'clock dress parade will be made unusually interesting in honor of the knights and their wives.

THE MINERS.

Conference Between Employers and Employees Ended.

The Strikers and the Operators Fail to Come to an Agreement.

It is Declared That the Men Will Soon Be at Work on Their Own Terms The Adjustment Negotiated by a Large Staff.

CLEVELAND, O., May 18.—The great conference between the representatives of operators and the two hundred thousand striking miners has ended in failure. The representatives of the two interests will depart for their homes upon the condition of the suspension they were in before the conference was called.

One of the most prominent operators in the Pittsburgh district, however, said Thursday that within a week the miners would be at work, and that they would receive practically the same wages for which they have been contending in the conference that was just adjourned.

At the afternoon joint session the question was on a motion made by H. L. Chapman, of Columbus, that the proposition for a rate of sixty-five cents in the Pittsburgh district be submitted to the miners' committee.

Mr. Chapman, who is one of the Pittsburgh district operators, charged the miners with breaking the contract of suspension. This brought forth a spirited reply from Secretary McElride.

After a speech by John Barran, a miner from the Pittsburgh district, President McElride requested the operators to retire.

At 4:15 word was sent to the operators to resume their work. The operators sent a reply to the effect that they would not resume work until the miners' committee had agreed to the proposition for a rate of sixty-five cents in the Pittsburgh district.

The operators have a long secret session Thursday night. While the result of their deliberations would not be divulged, it is known that many of them are very hot to go home without settling the strike.

The strike is a settlement of the strike and it is thought that an attempt will be made Friday to secure another or at least to arrive at some understanding with the miners.

The adjournment Thursday afternoon is regarded by some as a large-sized bluff, to which color is given by the fact that the miners have a strong feeling of holding very animated secret meetings.

OUTLAW ARRESTED.

VINCENNES, Ind., May 18.—Logan Hodges and Bill Cochran, of this city, two outlaws who broke jail at Washington, D. MORANBORG.

Charles Zweigart and John McHugh were visiting at South Ripley Sunday. James Osborne visited his sister, Mrs. Ed. Slattery, at Mayfield Saturday and Sunday. James Carr returned from Ireland Monday, accompanied by Mike Carnegie, who will make his home here.

Willie F. Brittain and Miss Magie Brittain were wedded Tuesday evening at the home of her brother, Charles Brittain. A party of gentlemen followed them to their home and made the night lively with their frolics, farm dinner bells, old piana, drums and the shooting of guns until a late hour.

A full funeral procession passed through this place Tuesday. Two hearse, one containing the body of George Flynn, the other little Harry Moore, son of Jack Moore of Penn. Mr. Flynn is a brother of Mrs. Moore and his death was caused by consumption, while little Harry's death was caused by spinal affluence. He died Sunday night, his uncle died Monday night. Both were laid to rest at Washington.

We are sorry to announce that Mayville's most gallant little rider, Gibbons Alexander, is suffering from an attack of typhoid fever.

The Portsmouth Baseball Club has arrived, and this afternoon at 8 p. m. there will be a real game of ball at the park, and all who can should see it.

Ellie Sheppard and Iva McKinley, the latter of Buena Vista, O., were arrested by Officer Bland for street walking. Yesterday Judge Wadsworth heard the testimony, and gave Ida twenty-four hours to visit her parents at Buena Vista, and Ellie was admonished to go and walk no more at night.

The Pearl Melville Company will be the attraction at Washington Opera-house all next week, presenting that popular piece, "The Black Flag" Monday night. There will be a change of play every night. Ladies will be admitted free Monday night when accompanied by a person with a paid 50 cent ticket.
